

Acquisition of Onyx Mechanical Ltd.

From Left to Right - John McKinnon, Shawn Cohen, Bryon Backus, & Chris Nielsen

Symtech is excited to announce the successful acquisition of **Onyx Mechanical Ltd.**, a premier provider of mechanical construction services operating in the Greater Toronto Area/Golden Horseshoe and Southwestern Ontario. This strategic move marks a significant step forward in Symtech's journey to expand and enhance our service offerings.

As part of the acquisition, Onyx Mechanical Ltd. will be rebranded as **Symtech Mechanical Solutions Ltd.**, effective immediately upon closing. The name change reflects the seamless integration of Onyx into the Symtech family, underscoring our commitment to delivering comprehensive, high-quality electrical and mechanical solutions under one unified brand, also embodying our dedication to providing **Service Beyond Expectations**.

About Onyx Mechanical Ltd.

Founded in 2007 by Chris Nielsen, John McKinnon, and Bryon Backus, Onyx Mechanical Ltd. has earned a stellar reputation as a top-tier mechanical contracting company.

Specializing in Design Assist, HVAC, Plumbing, Controls, Insulation, and more, Onyx has been at the forefront of innovation and quality in the industry. Their portfolio spans commercial, residential, industrial, and institutional projects, including high-profile developments such as Portland Commons, 43 – 45 King William (581 Suites), 65 King Street East, Toronto Eaton Centre's Sears Back to Base – North Mall Renovation, Sherway Gardens North Expansion, and Pan Am Games York Athletic Centre.

Strategic Fit

The acquisition of Onyx Mechanical Ltd. represents a strategic expansion for Symtech. By bringing together the expertise of both companies, Symtech is now able to offer a full suite of electrical and mechanical services, providing clients with more efficient, cost-effective, and streamlined solutions. This integration aligns with our mission to uphold the highest standards of quality and performance across all sectors.

Looking Ahead

Under the new name, Symtech Mechanical Solutions Ltd. will continue to operate with the full support and resources of Symtech Innovations Ltd. This ensures continuity for Onyx's existing clients while providing them access to our broader range of services and expertise.

We warmly welcome the talented team at Onyx Mechanical Ltd. into the Symtech family. Together, we will continue to deliver exceptional projects that set new benchmarks in the industry!

About Symtech Innovations Ltd.

Symtech Innovations Ltd. is a leading COR-certified electrical contractor with over 35 years of experience in Canada and the United States. The company specializes in new construction, retrofits, maintenance, and emergency response across various sectors, including commercial, residential, mission-critical facilities, industrial, and institutional.

With a workforce of over 600 employees, including 400+ tradespersons, Symtech delivers innovative, cost-effective solutions encompassing electrical, communications cabling, and ICAT services, supported by specialized departments such as Project Management, Estimating, Service, BIM/CAD, Prefabrication, and Safety. The company has a proven track record of successfully completing thousands of projects and has earned the trust of Fortune 500 clients, general contractors, and consultants with its commitment to "Service Beyond Expectations."
