

2026 Symtech Donation to SickKids

Symtech reached an incredible milestone in support of the **SickKids Foundation**, presenting a **\$100,000 donation** made possible through the generosity of **Team Symtech** and all proceeds from the **2026 Symtech Employee Golf Tournament**!

The occasion was especially meaningful as children and their parents, members of our own team, shared their personal SickKids stories, offering a heartfelt reminder of the impact this cause has on families. We were also honored to have **Nancy Horvath, Vice President at SickKids Foundation**, join us for dinner, share a special speech, and accept our \$100,000 contribution on behalf of the Foundation.

Thank you to everyone who participated in the golf tournament and has contributed to this cause over the years. This marks **Symtech's sixth consecutive year** supporting SickKids, and we are proud of how our collective efforts continue to make a meaningful difference.

Here's to carrying forward our spirit of community, generosity, and giving back!
